You are cordially invited to Venturing Leader Specific Training. The purpose of Scouting is to teach values and ethical behavior, using a program of fun and learning that is interesting, exciting, and engaging for our youth members. This is accomplished through the efforts and dedication of thousands of volunteer leaders. They cannot be successful in this vital mission without a thorough knowledge of what they are trying to accomplish and how to go about it. And that knowledge comes through training.

Every young person in the Scouting program needs and deserves a leader who understands the aims of the program and knows how to deliver it with enthusiasm and fun -- in short, a trained leader. Because they understand their role, trained leaders have a positive influence on the lives of youth. Research shows that Cub Scouts, Boy Scouts, and Venturers with trained leaders enjoy the program more and stay in it longer. How well we influence the lives of these youth depends on their leaders' understanding of the program and their responsibilities.

This training is being offered to introduce adult Venturing Crew leaders to the basic information needed to operate a Crew. The training is divided into five topics:

- 1. Here's Venturing**
- 2. Understanding & Protecting Youth**
- 3. Leadership & Organization**
- 4. Awards & Recognitions**
- 5. Resources and Program Planning**
