Boy Scouts of America Declaration of Religious Principle:

The Boy Scouts of America maintains that no member can grow into the best kind of citizen without recognizing his obligation to God and therefore, acknowledges the religious element in the training of the member, but it is absolutely nonsectarian in its attitude toward the religious training. Only persons willing to agree with this declaration of principle and the Bylaws of the Boy Scouts of America shall be entitled to certificates of membership.

Expectations of the Staffer by the Camp:

Scout Summer Camp is designed to be a safe, educational, fun experience for not only the boy, but the leader as well. As a staff member, one can expect the same benefits plus much more due to the amount of time spent at camp. However, a position at camp is indeed a full time job and requires commitment and an obligation to fulfill your job responsibilities. Furthermore, as a member of the camp staff, you represent the Northeastern PA Council and the Boy Scouts of America and as such agree to live up to the highest standards, values and principles of the BSA as stated in the Scout Oath & Law.

I understand that as employed by the Northeastern Pennsylvania Council as a member of the camp staff, I will be required to become a registered member of the Boy Scouts of America. I further understand that I must have a current medical examination prior to camp and must provide myself with the required full scout uniforms.

Applicants are considered for all positions without regard to race, religion, sex, national origin, age, marital or veteran status or the person's ability to perform the job assigned. (Certain minimum age requirements apply.)

All employees should be available for the whole season, unless otherwise arranged.

All staff members under the age of 18 must provide a current Pennsylvania work permit (once employment is confirmed).
